

# Prophetic Word at New Life Christian Center April 14<sup>th</sup>, 2024

It is not in the ways of man that problems are solved, but rather in the ways of the Lord that problems are solved. You cannot solve through natural intellect problems that have a spiritual base. So know this says the spirit of grace. If you think you have a solution, but the solution revolves around doing you doing something different, you've probably not found my my solution, says the Lord, but rather when you find My solution, it will revolve around Me and Me alone. I will do those things, says the Lord. You will not have to lift a hand. I will be the hand who moves in your life. I will be the hand who writes on the wall of your heart, showing you direction. Which ways to go, which way to trust.

I will be the one who accomplishes that. So know that within the heart of man it does not exist alone to know how to govern life, but rather in the midst of My life in you, I'll show you what God life looks like in this life. I will show you what God life looks like in this life, says the Lord.

Amen.
