Chad Day  
November 5th

Do not be grieved. I am God. I know what you do not. Do you not think I intend to expose fraud and deception as part of the great victory? I told you there would be a war like has not been seen. Will you believe the report of Joshua and Caleb, or the other 10 spies? Will you believe Goliath taunting God's people, or David declaring victory that looked impossible? Will you believe the appearance of Pharaoh with his pursuing horses and chariots when you are facing the Red Sea, or that I told you to stretch out your rod and cross on dry land? Who was telling the truth? Who you choose to believe matters.
